

GAME CAPTURE HD II

Capture, Edit & Upload, Your ConsoleMate for Gaming Adventure

We all have epic moments to be remembered: a legendary match, a turnover battle, or a funny speed run. Game Capture HD II is the best ConsoleMate that helps you collect in-game scenes. Simply hook it up to your game console and the HDTV, recording 1080p real-time gameplay is just one press away. Guess what, you don't even need a PC for that!

Record HD Gameplay without a PC

Works perfectly with Xbox360, PlayStation 3 and Wii U.

Voice Commentary

You can add live commentary when recording the gameplay!

Post-Edit and Upload to YouTube

Edit and share game clips straight from Game Capture HD II

iOS App "GameMate"

GameMate turns your iPhone to an control panel of Game Capture HD II

Fast Motion Recording

Accelerate your recorded gameplay with Fast Motion Recording, which speeds up your footage from its regular rate.

Auto Resume

Stop recording at any time to skip frames, and upon resuming, the clip will continue to record from the same spot. This gives users the freedom to decide their content!

Timer Recording

Set Game Capture HD II to the channel of your favorite show and let it take care of recording the content as scheduled!

GameMate" App

Your Very Own Personal Assistant

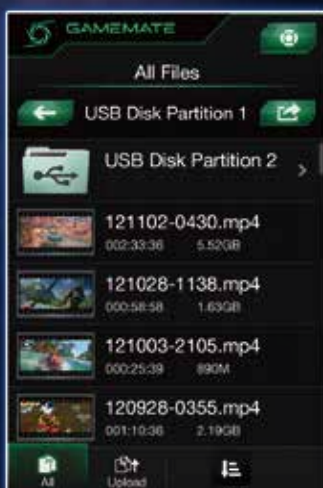

Simply pair up GameMate and the Game Capture HD II, the GameMate turns your iPhone to a second monitor, a remote controller, and a file manager. It surely extends what Gamer Capture HD II can do!
